2010 WOMEN'S

GLOBAL LEADERSHIP

CONFERENCE IN ENERGY & TECHNOLOGY

HOUSTON

27-28 October 2010 • Westin Galleria • Houston, Texas USA

Since its inception, **The Women's Global Leadership Conference in Energy and Technology** continues to grow in recognition, attendance, sponsors and support. In its seventh installment, the 2010 conference continues to serve as a catalyst in encouraging growth and leadership of women in the industry. The two-day event will cover topics on Natural Gas and whether it is the next global commodity; followed by a day of professional development encompassing all stages of careers from entry level to the C suite. To view the agenda, get additional details and register, visit www.WGLNetwork.com.
